Cowboys To Compete For World Champion Points At Porterville Round Up

PORTERVILLE, May 2 — The nation's top cowboys will be riding for world championship RCA points at the 10th annual Porterville Round-up Saturday and Sunday, starting at 2 p.m. daily, in the Rocky Hill arena on east Putnam avenue. The show is sponsored by the Orange Belt Saddle club.

Two former world champions have signed for the Porterville show: Ross Dollarhide, the 1953 steer wrestling champion from Lakeview, Oregon, and Vern Castro, 1955 champion team roper from Livermore, California.

And Wilbur Plaughter, from Plather, California, who is currently leading the nation's steer wrestlers in point standings, will also compete, along with such other top notchers as: Bill Kunkle, from Portland, Oregon, who won last year's event at Porterville; "Whiz" Whizenhunt, of Valentine, Nebraska, now in the nation's top ten; John W. Jones, of Fresno; Barney Willis, of Visalia, and Carl Mendes also of Visalia.

Jones was the steer wrestling "rookie of the year" in 1956, winning that event in the Madison Square Garden show and being named all around cowboy champion of that show.

Among top team ropers competing in Porterville this weekend will be B. J. Pierce, now of Visalia since his recent move from Clovis, New Mexico; John Clem, of Aguila, Arizona, and Harold Mattos, of Newman, California. Both Clem and Mattos ranked among the top 10 team ropers in the nation last year.

Also entered is Dale Smith, of Central, Arizona, leader in team roping for the nation and also in sixth spot for the 1957 RCA all-around cowboy champion award.

Cowboy contestants who will build up competitive pressure in the riding events include saddle bronc riders, Bill Ward, of Angels Camp, California, and Jack Hara, of Clayton, California; bareback and saddle bronc rider Jackie Wright, of Dayville, Oregon, and Bruce Coker, of Sutherland, Nebraska.

(Continued On Page 10)

YOUNG RIDER STARTS CAREER AT ROUND-UP

PORTERVILLE, May 2 — An 8-year-old boy, Clyde Eldon Burchell, may be starting his professional career at the Porterville Round-Up this weekend.

Clyde, the son of Mr. and Mrs. Clyde Burchell, of Porterville, will present his Shetland pony Roman ride as an arena feature each day of the Round-Up — the first time he has appeared in a major show.

He will be using four-year-old ponies that he broke himself and that he has worked with since he was only about four years old. He worked out his own riding routine, and in an exhibition Sunday, it looked like he is ready for the "big time."

MRS. MARTHA COGHAN, of Porterville, receives a \$25 Silver Bonus from Rocky Childers, of the Sportsmen, since she produced a sales slip from a Silver Bonus store — Jones Hardware — when her name was selected Tuesday evening. Another \$25 bonus is waiting for some lucky Silver Bonus store shopper next Tuesday; read the Silver Bonus pages in this issue of The Farm Tribune for details.

TARWEED ELIMINATION IS POSSIBLE

SPRINGVILLE, May 2 — Indications that tarweed can be eliminated as a pest on foothill cattle ranges are seen in experiments being conducted at the Art Griswold ranch, above Springville on the Balch Park road, where results of a two-year program will be shown at a field meeting next Tuesday at 2 p.m.

Farm Advisor Ralph Worrell states that elimination of tarweed has been attempted through two approaches, one of which shows excellent promise.

It now appears that if annual legumes can be established on range land, tarweed will be crowded out, at least this is indicated on the Griswold ranch, Worrell

(Continued On Page 10)

Important Water Meeting Called By Grant

VISALIA, May 2 — Water problems of the San Joaquin valley will be the subject of a water meeting called on May 9, at Fowler, by Allan Grant, of Visalia, regional director of the California Farm Bureau Federation to bring together directors of county Farm Bureaus from Kern, Kings, Tulare, Fresno and Madera counties.

Key speaker will be Charles C. Butler, national director of land and water use of the American Farm Bureau Federation. He will

CANTERBELLE HORSE SHOW EVENTS LISTED; PLANS FOR FAIR MOVE INTO HIGH GEAR

JUNIOR RIDERS WILL COMPETE

PORTERVILLE, May 2 — Seven Gymkhana events and three show events have been listed for the Junior Horse Show and Gymkhana that will be sponsored by the Porterville Canterbells as a feature of the Porterville Fair, Saturday, May 18, starting at 9 a.m. at the fair grounds.

Junior riders, both boys and girls, through 18 years of age, from throughout the San Joaquin valley, are invited to compete. Ribbons will be given for first, second, third and fourth places in

(Continued On Page 10)

LIVESTOCK JUDGES NAMED

PORTERVILLE, May 2 — Livestock judges for the Porterville Fair, May 16, 17 and 18, have been announced as Bates Bowers, Hanford, fat barrows and fat lambs; Dennis Daley, of Bakersfield, breeding hogs and sheep, and William Howard, of Pillsbury Mills, rabbits. Cattle judges have not been confirmed as yet.

Judging poultry will be Farm Advisor Bill Rooney, from Visalia; horticulture judge will be John Daybell of Porterville.

Calling the junior fat stock

(Continued On Page 10)

FIRST LIVESTOCK ENTRY RECEIVED; NEW OFFICE TO BE BUILT FOR FAIR

PORTERVILLE, May 2 — First official livestock entry for the 1957 Porterville fair — May 16, 17 and 18 — was received this week by Fair Secretary Rolla Bishop from Marvin Hughes, Prairie Center 4-H club member.

He has entered a fat Hereford steer that will be competing for honors against the finest junior livestock on the west coast.

Deadline for entries in the livestock, poultry and rabbit divisions is May 11; entries can be mailed to P. O. Box 213, Porterville, or taken to the Bishop home, Mul-

berry and Prospect.

In the field of administration, fair directors, meeting in "emergency session" Sunday evening, voted to construct a new office building for the fair.

The emergency arose when the building that has been used as an office for several years was removed from the fair grounds by its owner, Bill Michaelis, who had loaned the building for use at the fair.

Directors also voted to improve the fences around the east side of the fair grounds.

THE JOB MUST BE DONE

People have children.

Children must go to school, either because they want to, their parents want them to, or the law says they have to.

Add these startling facts together and you come up with a no less startling conclusion — Because we have people and children, we have to have schools.

There is no need to argue about the above facts; but when we apply said facts to the situation at Porterville high school, it becomes obvious that a problem exists — school facilities are not adequate to meet either existing demands or inevitable future demands.

So, because we have people, who have children, who must go to school, we have to do something about the high school situation, which, of course, costs money.

There is only one way to get money for schools — that's through taxation, so, on May 17, you and I will vote on a proposition to tax ourselves 50 cents for a period of five years so that we can, through our board representatives, do something about bringing Porterville high school facilities up to the standard that they should be.

On a basis of present assessed valuation, of the Porterville Union High School and College district — \$48,598,350 — a 50-cent tax will raise around \$222,000 annually. If the tax is voted, school improvements can actually be started with this special tax money by early 1958; by some time in 1960 a major part of the needed construction will be underway or completed, and by the end of the five year period, a big bite will have been taken out of the facilities problem at our high school.

Assuming that assessed value of the district will continue to increase annually, the five-year tax will raise about \$1,250,000, all of which will be spent for school facilities construction. (If we financed with bonds, a big chunk would go down the drain in the form of interest.)

Actually, first step in school improvement will start soon with construction of a badly needed library-study hall building, money for which is now available.

From special tax funds, if voted, number one priority will go to classroom construction — we have the word of the school board for that.

Entire building program will be planned so that work can move ahead as money becomes available, with specific buildings going up on a program that will result in minimum confusion on the campus during the school year.

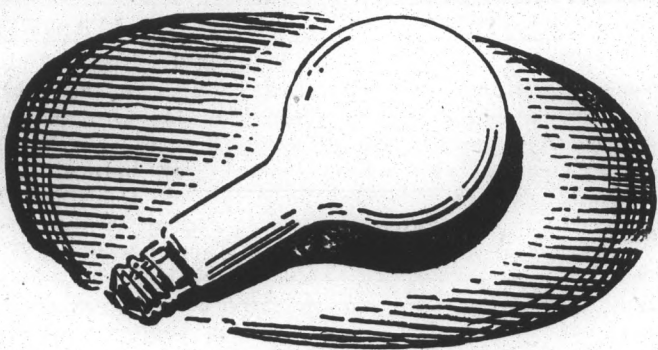

Items other than classrooms will come along later — rehabilitation of certain existing buildings; improvement of girls' physical education facilities, and necessary administrative building. And the problem of improved and enlarged shop buildings must also be considered.

But classrooms come first if you vote the special 50 cent tax.

We believe that a special tax is the best method for financing needed high school construction; we believe that plan of our elected school board members for expenditure of special tax money is sound.

We're going to vote for the special tax; we hope that you choose to do likewise.

For what else can we do as long as we have people, and people have children.

How Important Is Experience?

Obviously, experience is important to success in every field. It is said that Edison painstakingly tried out more than 200 different materials as a filament for his electric light before meeting with success. Similarly, in our own field of funeral direction many years of painstaking experience have enabled us to furnish the high standard of service the community wants at a price the community wishes to pay.

DECIDUOUS AND GRAPES TOP CROP IN VALUE; CITRUS GAIN SHOWN BY MANKINS' REPORT

VISALIA, May 2 — Tulare county agriculture was valued at a record \$263,403,142 in 1956, according to annual report released yesterday from the office of Elvin O. Mankins, agricultural commissioner, a figure that will no doubt keep the county near, or at the top, among counties of the nation.

Deciduous fruits and grapes, with a value of \$67,966,729, topped the list of county agricultural products; citrus showed a \$5,000,000 gain over 1955 to a total value of \$40,672,716.

Gains for 1956 as compared to 1955, were also shown for truck crops, dairy products, miscellaneous crops, poultry, field crops, and subsidy payments; lower figure was reported for apiculture and livestock.

Recapitulation for the past six years shows Tulare county agriculture valued in 1955 at \$233,612,492; 1954, \$222,542,176; 1953, \$212,975,991; 1952, \$252,727,816 and 1951, \$245,462,808.

In the report, Mankins states, "Insofar as possible, the acreage represents 'net planted' and the value of all crops are f.o.b. basis — not what the farmer received."

"It is intended that all returns shall mean income to Tulare county, and thus include the cost of picking, hauling, packing and otherwise preparing for delivery at the point of packing."

Valuation figures, as broken down in the report, show: Citrus, \$40,672,716; deciduous and grapes \$67,966,729; truck crops, \$13,645,722; apiculture, \$227,833; dairy products, \$19,245,513; livestock, \$53,316,854; miscellaneous, \$1,507,579; poultry, \$7,498,553; field crops, \$59,146,388, and subsidy payments, \$175,255.

In acreage breakdown, the report lists 36,514 acres in citrus, of which 34,058 is producing; deciduous and grapes, 108,122, of which 89,822 is producing; truck crops, 19,578 acres, and field crops, 306,016 acres.

In the apiculture division it is stated that 704 tons of honey and 13 tons of beeswax were produced in the county during 1956; 2,775 pounds of glazed fruit was turned out; 4,925,316 tons of chicken fryers were produced; the county had 461,906 head of hens, and 655,000 baby chicks were produced; egg production totalled 7,969,141 dozen.

Turkeys sold totalled 7,010,600 pounds; 832,046 head of poult were produced, plus 1,324,383 turkey eggs. Geese totalled 5,000 head.

Yield in the field crop classifica-

tion totalled: Certified alfalfa seed, 203 tons; certified black-eye pea seed, 381 tons; red clover seed, 990 tons; cotton lint, 243,039 bales; cotton seed, 96,000 tons; rice, 736 tons; sugar beets, 45,150 tons; alfalfa hay, 471,281 tons; grain hay and straw, 3,370 tons; dehydrated hay, 1,500 tons; clover hay, 200 tons; barley, 16,384 tons; milo, 9,974 tons; oats, 2,700 tons; wheat, 19,800 tons and yellow corn, 6,524 tons.

Yield of deciduous fruits and grapes was: Apples, 53,524 boxes; apricots, canning, 704 tons, fresh, 1,727 lugs; figs, canning, 1,311 tons, fresh, 111,956 flats; table grapes, 142,179 tons; Thompsons, 85,359 tons; raisins, 24,662 tons; nectarines, canning, 270 tons, fresh, 334,701 lugs.

Cling peaches, 39,500 tons; Freestone peaches, canning and dried, 11,120 tons, fresh, 1,979,791 lugs; plums, 1,452,381 lugs; pears, 1,164 boxes; pomegranates, 83,142 lugs; persimmons, 37,116 flats; prunes, 1,004 tons; olives, 23,235 tons; almonds, 35 tons; pistachio, nuts, 500 pounds; walnuts, 5,732 tons and quince, 500 lugs.

Navel orange yield was listed as 11,862,000 cartons plus 24,383 tons into by-products; Valencia oranges, 4,196,808 cartons, with 15,661 tons to by-products; lemons, 447,897 cartons, with 1,292 tons to by-products; grapefruit, 9,973 boxes; limes, 824 boxes and tangerines, 6,074 boxes.

Attesting further to the diversity of agriculture in the county, 30 truck crops were listed as being produced on a commercial basis.

Farm Labor Office At Cairns Corner

LINDSAY, May 2 — Seasonal farm placement service office has been set up at Cairns corner, west of Lindsay; a second office has been opened in Cutler. Information on available farm jobs is handled by the offices.

Pacific Tel and Tel. won this week's western dress contest for business offices with five or less employees; Woolworth's won in the division for businesses with more than five.

From
Daybell
Nursery

By John

This being a new month we checked the garden book for ideas of what to do outdoors. In fact we checked three or four garden books and have about decided it would be easier to paint the house instead. Anyway this is the time for many things, time for rodeos, time for fairs, time for dances and graduation, and maybe time to work outdoors while days are pleasant.

With all of these other activities it is also time to think up some labor saving ideas. This costs you money of course but should pay for itself in labor saved and results gained. Plenty of garden hose helps, good sprinklers are a necessity, and the proper tools an absolute must.

Garden hose we have in several sizes and with guarantees you'll have trouble outliving. For those that bought inexpensive hose last year we have couplings, menders, and sympathy. Sprinklers we've exploited before but we do have an assortment from horse and buggy types up to atomic powered designs. Tools are available for just about every purpose and we have standing up, sitting down, and bending over kinds for digging, cutting, or just loafing.

"Grass stop" is a new garden gadget which keeps your shrubs from overpowering the Bermuda grass — goes between the lawn and your shrubs to form a metal barrier. Easier to trim along, easy to install, and about five and a half dollars for forty feet. All of these can be found at Daybell's Plant Emporium in Porterville.

"National Can Opener Week". In
Our Town we have shown a rare
skill in compressing two weeks in
one: Western Week and Public
Schools Week. In keeping with
the spirit of the Rodeo, red-blood-
ed local citizens are decking them-
selves out in excesses of frontier
finery; loud shirts, kerchiefs, hats
that drop over the ears and boots
that pinch. And of course, pants
of Levi's best serge. When we see
some of the outfits, we can readily
understand what makes the stock
wild at Rodeos.

PUBLIC SCHOOLS WEEK is the
time when the citizenry goes back
to school in an effort to get a little
understanding of what goes on in
the system of education. Not a
bad idea either, if approached with
an open mind. Education is such
a handy whipping boy for critics
and for people who like to open
their conversations with "when I
was a kid, etc. . . ." The good
old days actually gain glamor
through the haze of memory, and
the older the days, the more glam-
orous they seem. We feel that the

schools are still doing a good job,
in spite of the Educators with a
capital E, the critics of little
knowledge and the confusing de-
mands of modern living. This
good job is being done because of
teachers who are genuinely inter-
ested in the job they are doing.
Good teachers are born, not made.

TREES WERE FALLING with
ashonishing rapidity at the site
of Goble Town recently. Of course,
they were getting a brusk assist
from a very sturdy bulldozer. It
is always a sad sight to see trees
ruthlessly cut down, even in the
interests of progress. There seems
to be two schools of thought on
this matter. Some people seem
preoccupied with the idea of tear-
ing down trees, while another
group keeps rushing about and
planting more. There is no neu-
tral ground. Either you're a chop-
per or a planter. Nurserymen are
cheered by such goings on of
course, and can encourage both
sides with heartfelt glee. They
feel a large tree is dangerous and
should be removed; then, when it's
gone, it should be replanted with
another for the sake of beauty.

SOME DAYS AGO we thought
we were hearing things. Things
such as church bells and chimes
ringing. This thought passed but
about an hour later we were hear-
ing things again. We will go
along with one hallucination, now
and then, but draw the line on
double headers. Inquiry brought
out the fact that others were hear-
ing things too, but what we were
hearing were the new bells at the

Up N' Down WEST OLIVE

Hetty Green once said, "Real
estate is an imperishable asset,
ever increasing in value. It is the
most solid security that human
ingenuity has devised. It is the
collateral to be preferred above all
others, and the safest means of in-
vesting money" — any realtor
along West Olive will tell you the
same!

I didn't know: that according
to Ed. Rouch at Wm. Paul Alleys,
those roll-away houses are order-
ed, built and "rolled away" as far
as Hanford and Woodlake — that
a "Cobk's tour" of Turner and Son,
upholstery and drapery plant con-
vinced me that here are two ar-
tists at their trade, father and son,
where an atmosphere of fine work-
manship is the prime requisite —
that at Whitridge Tire Service
they repair and recap tires on
church buses free! and a sign on
the wall reads "Allah does not de-
duct from the allotted time of man
those hours spent in fishing."

Something new: Jess Been, of
Dependable Refrigeration showed
me the workings of that new
"talking stove" they have on dis-
play, so help me, it is a marvel of
this modern age! Take a looksee
yourself.

From Betty Della at the Knit
and Kurl: Often someone says to
me, "Yes, I'm sure a professional
permanent wave is better for my
hair — but why? — the answer is
very clear, if you remember a per-
manent wave is the foundation of
your hair style — (I've never yet
heard of anyone who knits her
own girdles, why then should a
lady presume to be her own chem-
ist?)

From Sportsman Kenyon: the
Foothill Gun club will meet Sun-
day the 5th, at their high power
rifle range east of Lindsay to com-
plete plans for their big shoot the
19th.

I've heard: of a better mouse
trap — But at Weisenberger's I
saw a better fly trap! It's called
The Big Stinky, it's a gallon jug,
(ya hang it outside) it lures, traps

Congregational Church. We had
visions of a long row of bells of
odd shapes and sizes, but Rev.
Stoker assures us that this is
strictly a push button age and that
electronics and amplifiers are do-
ing the work. My ears make no
distinctions on playing methods,
but do enjoy the sound. We feel
that a carillon sounding out over
our town every hour is a very
pleasant thing indeed, and from
the comments we have heard, this
is a unanimous opinion.

and kills 'em — maybe it even
counts 'em!

The Farm Tribune Silver Bonus

Each week The Farm Tribune awarded to the winner of a great contest in the Porterville trade area, 18 years of age and over.

Secure an official entry blank from The Farm Tribune and complete additional words or less:

"I am glad I trade in Porterville because ..."

Entries will be received at Silver Bonus Stores. All entries will be judged by a panel of judges. The person who, in the opinion of the judges, will be declared the winner. In the event of a tie, duplicate prizes will be awarded.

A Silver Bonus representative will contact the winning contestant, or phone, the evening of Tuesday, between the hours of 6 and 8 p.m. to receive the prize. If the contestant is not at home, the representative will leave a message at the Tribune office and receive his \$5 award the following week.

If the winner is at home to receive the prize, he must produce proof of purchase or payment of the Silver Bonus Day — from a Silver Bonus Store — to be eligible for a bonus award according to the following rules:

If sales slips amount to more than the entire bonus.

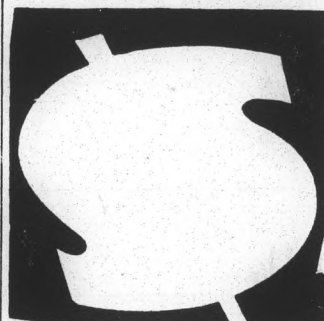

If sales slips amount to less than one-half the entire bonus.

Whatever part of the award is not received will be added to the next week's bonus. The entry will be paid regardless of whether the entry is a slip or not.

Entries will be judged principally on the basis of sincerity and quality of thought. Under no circumstances will judges be permitted to know the name of the entry.

All entries become the property of The Farm Tribune. The decision of the judges is final.

Employees of The Farm Tribune and their immediate families are not eligible to enter the contest. Owners and employees of Silver Bonus Stores can win the contest with sales slips from stores other than that with which they are connected.

**STATE REVENUE
SHOWS INCREASE**

SACRAMENTO, May 2 — General fund revenues for the state of California during the first nine months of the current fiscal year totalled \$787,007,773, according to Robert C. Kirkwood, state controller. The figure is 7.74 per cent above the same period last year.

**Fishermen Report
Kern River Low;
Fishing Fair**

PORTERVILLE, May 2 — Kern river is extremely low for this season of the year, and fishing is fair, according to reports from a party that rode into Kern flat for opening of trout season over the past weekend.

In the group were John Daybell,

Bob Board, Ed. Smith, John Keck and Van Goodman. They report some snow at Quaking Aspen.

State cucumber growers plan to contract 3,200 acres for processing this year about 18 per cent less than in 1956.

Acreage of tomatoes for canning in the United States is 11 per cent less than a year ago.

**CORNELL HEADS COUNTY TAXPAYERS;
DOMER POWER FIRST VICE PRESIDENT**

PORTERVILLE, May 2 — Ted Cornell, of Porterville, was re-elected president of the Tulare

Local taxpayers associations are organized and working in several communities of the county.

Cornell

Power

County Taxpayers association at a meeting held last Thursday in Visalia; Domer Power, of Lindsay, was named first vice president.

Other officers are: D. T. Frymire, of Tulare, second vice president, and Mrs. Lucille Booth, of Visalia, secretary.

Power was also named chairman of a committee that will investigate the possibility of hiring a full-time executive secretary for the county taxpayers association.

Object of the county group is to watch the tax situation throughout the county and to study tax proposals. The county association was one of the active opponents of the state board of equalization last year concerning proposed increases in assessed valuations in Tulare county.

**WILLIAMS ASKS
SCHOOL BILL
CHANGES**

SACRAMENTO, May 2 — In commenting on important legislation dealing with apportionment of money for schools, soon to be heard by the Senate of California, State Senator J. Howard Williams today pointed out a startling discovery turned up in the course of a special study he had made of the bill.

The bill as introduced in the Assembly, he said, sets up a formula for increasing basic aid to school districts. This is a very important measure in which there is widespread interest, and one generally approved by most members of the Legislature.

However, in studying the bill the Senator received an opinion of the Legislative Counsel verifying that if the bill becomes law in its present form, some small high schools in Tulare County as well as elsewhere in the State would suffer a loss in revenue.

"Such a loss in state revenues to these small high schools would be disastrous to the conduct of the schools", said Senator Williams, "and when the bill comes before the Senate it will have to be amended to take out these inequities which were not apparent at the time the bill was introduced."

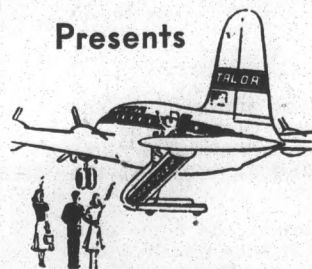

"The importance of this measure cannot be overestimated", he continued, "for the schools must have additional funds presently beyond the means of the local districts, but at the same time the bill must be carefully reworded to avoid imposing hardships on these small high school districts, most of which are in rural areas and provide the only means many young people have of obtaining an education beyond the mere rudiments."

**POWDERY MILDEW
CONTROL METHODS**

VISALIA, Apr. 25 — Control of powdery mildew on peaches and nectarines can be obtained with five pounds of wettable sulfur, or a combination of one-half gallon lime sulphur, plus five pounds of wettable sulfur, both to 100 gallons of water. Sulfur dust can be used at a rate of 50 pounds per acre.

LEGAL NOTICE

NOTICE OF HEARING PETITION TO ABANDON ROAD

NOTICE IS HEREBY GIVEN to all persons interested and to all freeholders of District No. 5 of the County of Tulare, State of California, that a petition was filed with the Board of Supervisors of the County of Tulare, State of California, on April 23, 1957, petitioning said Board to abandon a public road sixty feet wide (60'), the center line of which is particularly described as follows:

Commencing on the Easterly prolongation of the South line of Lot 623 of Subdivision No. 11 of Terra Bella Lands as per a map thereof on file in the office of the County Recorder of said County, in Volume 9, Page 51 of maps, said point being located South 89° 59' E, 30 feet from the Southeast corner of said Lot 623; thence North-easterly parallel to and 30 feet distant from the East lines of said Lot 623 and Lot 612 of said Subdivision No. 11 of Terra Bella Lands one quarter mile, more or less, to a point on the Easterly prolongation of the North line of said Lot 612, located South 89° 59' E, 30 feet from the Northeast corner of said Lot 612.

Said petition will be heard by the Board of Supervisors of the County of Tulare, State of California, in the chambers of said Board, in the Court-house in the City of Visalia, 210 North Court Street, on May 14, 1957, at two o'clock p.m., when and where any person interested may present evidence thereon.

CLAUDE H. GRANT, County Clerk
and Ex-officio Clerk of the Board of Supervisors of the County of Tulare, State of California.

each event; a saddle blanket will go to the boy or girl winning the most points.

Gymkhana events, with age limits, are: Key race, open; clover leaf race, 14-18 years; sack race, 8-13 years; saddle race, 14-18 years; figure 8 stake race, 8-13 years; in and out stake race, 14-18 years and 2-man relay, 8-13 years.

In the horse show, classes have been set up for pleasure horse, stock horse and trail horse, with age limits open. Trophies go for firsts, ribbons for second, third and fourth.

In these classes, bosal, martingale, tie-down and draw-rein are prohibited. No wire, chain or other metal or rawhide device may be used in conjunction with or as part of leather chin strap.

Each contestant may enter four events only. No stallions will be allowed in any competition.

On the gymkhana and show committee are: Lee Isham, general chairman; Harold Hoover, Joe Harris, and Uly Priftike; Doris Karstaedt, Canterbelle director, will announce the show.

Entries must be filed by 6 p.m., May 16; entry blanks can be obtained by writing to Doris Karstaedt, 2410 Highland Drive, Porterville, or in Porterville at The Farm Tribune, Jones Hardware, and Porterville Livestock Supply; in Visalia at the Saddlery; in Springville from Nancy Dffenbaugh, or from any member of the Canterbelle organization.

STRATHMORE HOMECOMING SET MAY 11

STRATHMORE, May 2 — Annual Homecoming in the Strathmore community has been set for Saturday, May 11, with the Strathmore chamber of commerce, the Strathmore Alumni association, and other organizations cooperating in the afternoon and evening program.

Barbecued steaks will be served at the Strathmore Veterans' building in the late afternoon, followed by a program; master of ceremonies will be Domer Power.

A Little League baseball game will feature the afternoon program, and a dance will conclude the event. The alumni association will meet during the afternoon.

All former residents of Strathmore, present residents, and friends are invited to attend the Homecoming.

Important Meeting

(Continued From Page 1)
talk on "National Attitudes to be found in Washington on Water Matters as they Relate to California."

Sharing the spotlight with Butler will be Bert L. Smith, editor of Western Water News, who will discuss water problems currently facing California. These problems will include the 160-acre limitation decision, proposed San Luis Unit legislation and county-of-origin constitutional amendment proposals.

Judge H. V. Eastman, Chowchilla, chairman of the CFBF Regional Water Problems department, for the five counties will report on valley water problems and recent developments.

The no-host dinner meeting will start at 7:00 p.m. at Bruce's Lodge, just south of Fowler. Reservations can be made through the Tulare County Farm Bureau office in Visalia.

Livestock

(Continued From Page 2)
auction, set for Saturday afternoon, May 18, will be Harry Hardy, of Bakersfield; the sale will be clerked by personnel from the California Farm Bureau Marketing association.

Chairman of the annual Fair pet parade is Bill Joos, of Porterville; this event is scheduled for late afternoon of opening day of the fair, May 16.

Cowboys

(Continued from Page 1)
Some 200 professional rodeo cowboys will be on hand for the Porterville Round-Up, competing in saddle bronc and bareback bronc riding, bull riding, calf roping, team roping and steer wrestling. Local amateur cowboys will get their chance in a steer stopping event.

Plenty of special entertainment is in store for rodeo fans, with Beeswax Moore, and his educated mule and dogs, billed as an arena feature. Wes Curtis, will bring laughs as clown and bullfighter; Porterville's Canterbelle will present their precision mounted drill; Mel Lambert will announce the show and Clyde Eldon Burchell, eight years old, will present his Shetland pony Roman ride.

Christensen Bros. and Rex Allen will provide their top string of horses, bulls, calves and steers.

Getting the Round-Up weekend underway Saturday morning, will be a western parade that will move down Porterville's Main street at 10 a.m.

Official Round-Up dance will bring Cousin Herb and his Trading Post gang to the Green Mill Ballroom Saturday evening.

Round-Up headquarters is open at 102 North Main street; reserved seats and box seats are on sale there.

Tarweed

(Continued from Page 1)

states. Experiments with fertilizing to stimulate growth of range grasses to see if such growth would pull enough moistures out of top soil to discourage growth of tarweed did not prove successful.

However, Worrell believes that with proper planting of legumes, and grazing when tarweed is young enough so that cattle will eat it along with legumes, the pest can be pretty well killed out in a couple of years.

Importance of the experiment lies in the fact that infestation of tarweed on foothill ranges seems to be increasing in recent years.

Also to be shown at the Griswold ranch are results of seeding of perennial grasses, following a controlled burn, in 1953, with the seeding done in October of that year.

All interested ranchers are invited to attend the field meeting.

Montgomery Ward company won the western window display award this week by the Orange Belt Saddle club.

Light shipments of snap beans from Imperial valley are about equal to last year at this time.
